

Y. W. BURTON SHOT AND KILLED BY SON-IN-LAW

Henry Hudson, Farmer, South of Hustonville, Says It Was Case of "Kill or Be Killed"

Yates W. Burton, of Wayne county, was shot and instantly killed by Henry Hudson, his son-in-law, at the latter's home on the Cut-off pike between Hustonville and McKinney and three miles south of the former place about nine o'clock Sunday night. Hudson, who was arrested and is in jail at Stanford, claims that he fired at his wife's father in self defense. "It was a case of kill or be killed," he said at the county jail Monday.

Particulars of the unfortunate affair will probably not be known until the examining trial of Hudson is held in the county court. The only witnesses to the killing beside himself were his wife, a daughter of the dead man, and Grover Ard, who is said to have gone to the Hudson house with Burton, and to have seen the whole affair. He went to the home of Willis Routon, soon after the shooting and what he or Mrs. Hudson have to say about the tragedy has not been learned.

Sheriff J. G. Weatherford, Deputy Sheriff W. S. Drye and Chief of Police B. D. Carter, of Stanford, went to Hustonville late Sunday night and arrested Hudson and brought him to jail here.

According to the story Hudson told them, Burton and Hudson were partners in the farm of about 230 acres, known as the old Cloyd place, which lies about three miles south-east of Hustonville on what is sometimes called the Hill pike to McKinney.

Burton, who has lived in Wayne for several years since going out of the saloon business in Somerset, went to Hudson's home about nine o'clock Sunday night. He had evidently ridden through from Wayne county and was accompanied by Grover Ard. As soon as he got in the door, he asked his daughter, who had opened it for him, where Hudson was, and the latter, who had retired for the night, got out of bed, and came out where they were. The officers say that Hudson told them that Burton demanded to know which was his half of the house and that he wanted Hudson to either get out or to rent his half of it and to pay him \$75 for it. Hudson told the officers that he informed Burton that he did not want to rent Burton's half of the house, and that the rooms on the east side had been vacated by him and his wife and were Burton's if he wanted them.

Hudson says that immediately, Burton began to abuse and curse him, calling him several vile names. He says that Burton put his hand in his pocket to draw a pistol, and started toward him, when he shot. One bullet struck Burton on the right thigh and went through without striking the bone. The other ball which is thought to have caused the wound that produced death, struck Burton just above the breast on the left side, and ranged downward. Burton fell instantly and is said to have expired at once.

The men were about ten feet apart when the shots were fired, according to what Hudson told the officers. A pearl handled 38-calibre Smith & Wesson pistol was found in his inside pocket of Burton's coat by the officers. Hudson killed him with a revolver of the same calibre. Hudson says that his wife told him that her father had been drinking, but of this he does not know himself.

Grover Ard, who went to the house with Burton, telephoned to Hustonville and a nephew of the dead man phoned here to Sheriff Weatherford. Upon the story that Ard and Mrs. Hudson told, will undoubtedly depend the fate of her husband.

So far as known, both of the principals of the tragedy bore good reputations and their friends deeply regret the affair. Burton and Hudson bought the farm on which the latter and his wife live in partnership a few years ago. Hudson says that he and his father-in-law had had no trouble previously.

County Judge Bailey has fixed Thursday morning at 9 o'clock as the time for the examining trial of Hudson. The latter has engaged Judge John Sam Owens to defend him. The funeral of Burton was held at Hustonville Tuesday afternoon at two o'clock.

Danville Court.

On account of the inclement weather a small crowd attended court at Danville Monday and business was dull. There were no cattle on the market but buyers were present and good prices would have been realized had there been any. Several male buyers were on hand and a number of them for army purposes changed hands at \$125 to \$140. Mack Hughes bought a pair of Nimrod Buster for \$270, and several at the above prices. The tobacco markets were the attractive places of the day, and a good deal of the weed was sold. Prices ranged all the way from three cents to 19 1-4 cents the latter being for a choice basket.

Mr. Gooch was very well known in Stanford, where he lived for about a year part of that time being proprietor of the St. Asaph Hotel. He made many warm friends while here who regret exceedingly to learn that he is no more. The deceased was 52 years of age and is survived by his wife. He was a son of L. G. Gooch, a member of one of the most prominent families of Lincoln county and a high-toned gentleman and a worthy citizen in every way. For some time since removing back to Waynesburg he had conducted a store at Waynesburg. He had been for many years of his life a faithful and devoted member of Baptist church. He was also a member of the lodge of Odd Fellows. Funeral services were conducted by the former Baptist pastor, Rev. J. B. GREAT KIDNEY REMEDY SAVES TWO CHILDREN IN ONE FAMILY

About one year ago two of my children suffered badly from weak kidneys. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had noticed that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to anyone having children that suffer as mine did.

Very truly yours,

R. W. LISENBY.

Personally appeared before me this 2nd day of July, 1909, R. W. Lisenby, who subscribed to the above statement and made oath that the same is true in substance and fact.

Brodhead Prepares for Big Fair.

Brodhead, Jan. 18.—The directors of the Brodhead Fair Association met last week for the purpose of electing officers for this year. The election resulted in retaining J. G. Frith president; R. H. Hamm, vice-president; John Robins, secretary; A. M. Hiatt, treasurer; the only change being the election of Superintendent, R. S. Shivel, succeeding B. A. Yaden. The dates set for holding the coming fair are August 11, 12 and 13, and the management will lose no time in laying the foundation for the biggest fair ever pulled off here and that is saying something too. It is the purpose of the directors to enlarge the grounds in order to accommodate such big crowds as we had on the second day last year, for they realize that had the weather man not been against us, the people, or a part of them would have been forced to climb trees to get breathing room. All we ask is three first-class days, and we will do the rest, not doubting the results.

"Pape's Diapepsin" Ends Indigestion, Gas, Dyspepsia and Stomach Misery in Five Minutes

If what you just ate is souring on your stomach or lies like a lump, or lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs, or indigestion in five minutes. Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from a reputable physician, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

HEARD ABOUT TOWN

J. A. Allen goes to Louisville this week where he will attend the annual meeting of the Retail Lumber Dealers' Association. The sessions will be held at the Seelbach Hotel.

The name of J. C. Fox was printed in the list of delinquents published by Sheriff J. G. Weanierford through an oversight. In making up the list Deputy Francis Weatherford marked off the name of Mr. Fox from the list in the sheriff's office, as his taxes had been paid, but failed to mark it off the list furnished the Interior Journal for publication. Both regret exceedingly that the mistake should have occurred.

Elwood Totten, who has been seeing active service in Uncle Sam's marine corps is a civilian again and came here with his father, J. L. Totten, of Marion county Monday to shake hands with friends he had not seen for three years. Mr. Totten made cruises to the Philippines, Japan and other distant ports during his experience in this branch of the navy. He does not plan to re-enlist however.

W. E. Glover, of Stanford, has purchased an interest in several popular moving picture films, including "The Tale of Two Cities." He will accompany the films on a circuit of a number of Kentucky towns and as he is a live wire booster and all round good fellow, should have fine success in his venture. He will soon exhibit at Hustonville and Liberty. "The Tale of Two Cities" was shown at the opera house here Thursday night and pleased those who saw it.

Arthur C. Hill has accepted a position with the International Harvester Company and will travel for this big farm machinery manufacturing firm over the counties of Lincoln, Boyle and Garrard. Mr. Hill is a splendidly equipped young man for the place. He is a practical farmer, a great booster, and knows almost everyone in the three counties which are his territory. His many friends predict that he will have a successful career on the road.

The cash boys in the big department stores in the cities who travel about on rubber roller skates so as to save all the time possible, haven't anything on Billy Reinhart, the hustling young son of E. L. Reinhart who delivers the Times and Post each morning. Billy goes up and down Stanford's splendid sidewalks on roller skates too and covers the city in about a quarter of the time it would take him to walk it. As Billy doesn't use rubber rollers on his skates, however, many late sleepers find that he serves the place of an alarm clock to get them "out of the hay" in time for early breakfast.

TOBACCO SELLS FOR \$35.00 PER HUNDRED AT DANVILLE HOUSE

ON WALNUT STREET

W. C. Weaver, of Lincoln County, Receives this Price for Over 200 Pounds

J. P. Buise, Casey County, Receives \$34.00 Per Hundred for one Basket. Dozens of Baskets Sell for \$20.00.

We have sold nearly one million pounds of tobacco in the past two weeks. With experienced floor-men and expert bookkeepers, we have been able to handle this vast amount of business without a hitch.

It is admitted by everyone that Danville right now is the best market in the state, barring none, and the Danville Warehouse on Walnut street "gets the price." We have the best and most liberal buyers that could be gotten together anywhere, for the sellers, but with a force of experienced men, who have mastered every detail of grading and handling large quantities of tobacco, there has been little delay. It is really a pleasure for one to go to the Danville Tobacco Warehouse. Never in the history of the Danville market has tobacco rolled in in such quantities as it has in the past two weeks. It has been a mystery how President Bright has avoided days of delay. Every employee

has a cheery greeting for you. They cling to their motto, "Yours for legitimate business." Added to these the silver tongued auctioneer, Capt. R. E. Holland, who does the rest. He "gets the price."

A few of the good averages made in the past few days on entire offerings were as follows:

Farris and Merriman, Boyle, average \$13.30
Hunt and Dillinger, Boyle, average . 14.25
Bright and Bell, Boyle, average . . . 12.80
Anderson and Webber, Boyle, average 13.35
Fox and Daily, Boyle, average . . . 14.10
W. A. Burnside, Garrard, average . . 13.90
Yandell and Hogue, Boyle, average . 14.87

Remember, if you have "the goods," we can get the price, with the best auctioneer in Kentucky.

Printed Stationery for Farms

Every farmer who owns his farm ought to have printed stationery, with his name, the name of his postoffice and properly given. The heading might also give the names of whatever crop he specializes in, or his specialties in stock. Neatly printed stationery gives you a personality and a standing with any person or firm to whom you write and insures the proper reading of your name and address. If you wish to write to your congressman or member of the legislature, or if you have a request to make of your county superintendent of schools, or if you wish information from any business house, in any case your letter will have increased weight and receive more and quicker attention if you use stationery. Get the habit. Come in the I. J. office and have us print you 500 sheets of good paper with envelopes to match.
